These parts have been subjected to the necessary function and endurance tests, and they comply with the high quality and safety requirements that have been set for Volvo Construction Equipment. You should note that warranties do not cover damages that are caused or aggravated by the fact that a non-genuine part was fitted.

For location of the model and engine designation plates, etc, see page 4-5.

See page 11 for a ”Catalogue Guide” on how to use the parts catalogue.
